		Investigadores clínicos	Investigador Social
'In my life antidepressants have been...': A qualitative analysis of users' diverse experiences with antidepressants	Gibson <i>et al.</i> (2016)	N	N
'The problem here is that they want to solve everything with pills': medication use and identity among Mainland Puerto Ricans	Adams <i>et al.</i> (2015)	N	N
"Even if you're HIV-positive there's life after if you take your medication": experiences of people on long-term ART in South Africa: a short report	Hendrickson <i>et al.</i> (2019)	N	N
"I was a little surprised": Qualitative insights from patients enrolled in a 12-month trial comparing opioids with nonopioid medications for chronic musculoskeletal pain	Matthias M <i>et al.</i> (2018)	N	N
"It is as if you were taking a shot in the dark": Experiencing ambiguity in the pharmacological treatment of rheumatoid arthritis*	Morais <i>et al.</i> (2021)	S	S
[Analysis on medication rules of modern traditional Chinese medicines in treating palpitations based on traditional Chinese medicine inheritance support system]	Sun <i>et al.</i> (2017)	N	N
[Analysis on prescription rules of Chen Baogui's prescriptions for treating epigastric fullness based on data mining]	Tang <i>et al.</i> (2018)	N	N
[Comparative study on standard decoctions of Ophiopogonis Radix and Liriope Radix]	Zhang <i>et al.</i> (2019)	N	N
[Discussion of related problems in herbal prescription science based on objective indications of herbs]	Xiong <i>et al.</i> (2010)	N	N
[Follow-up discussion on restructuring the medical-service system]	Kato <i>et al.</i> (2012)	N	N
[Impact of preventive administration of antiemetic drugs on risk of acute nausea and vomiting induced by transcatheter arterial chemoembolization in patients with hepatocellular carcinomas - a retrospective study]	Kabuki <i>et al.</i> (2013)	N	N
[IPADAM quali study. Intervention of the Pharmacist in the Issue of Self-medication: Experience of pharmacy team focus groups and patients' perceptions]	Savanovitch <i>et al.</i> (2018)	N	N
[Monitoring of chemical components with different color traits of Tussilago farfara using NMR-based metabolomics]	Mi <i>et al.</i> (2013)	N	N
[Mutual information-based correlation analysis of herbs against insomnia]	Tian <i>et al.</i> (2015)	N	N
[Object relation with drug--case report]	Murawiec <i>et al.</i> (2004)	N	N
[Preliminary study of history of senna be used in China--On phenomenon about "reign medicine localized"]	Jin <i>et al.</i> (2016)	N	N
[Reduction of post-prostatectomy bleeding by medication (experience with the antifibrinolytic agent AMCA)]	Kaufmann <i>et al.</i> (1969)	N	N
[Research and development strategies of new Chinese medicines based on new regulations]	Wang <i>et al.</i> (2021)	N	N
[Study on professor Yan Zhenghua's medication regularity in treating heart diseases based on association rules and entropy cluster]	Wu <i>et al.</i> (2015)	N	N
[The "Medication Experience Scale for Immunosuppressants" (MESI): initial results for a new screening instrument in transplant medicine]	Goetzmann <i>et al.</i> (2006)	N	N
[The gastroesophageal reflux disease (GERD) and the general practitioner]	Baldi <i>et al.</i> (2004)	N	N
A case of acute spinal subdural hematoma with subarachnoid hemorrhage: Rapid spontaneous remission, relapse, and complete resolution	Namekawa <i>et al.</i> (2017)	N	N
A comparative study of the water drinking test in eyes with open-angle glaucoma and prior trabeculectomy or tube shunt	Martínez <i>et al.</i> (2017)	N	N

A comparison of low back pain patients in the United States and New Zealand: Psychosocial and economic factors affecting severity of disability	Carron <i>et al.</i> (1985)	N	N
A cross-sectional study of patients' perspectives on adherence to antipsychotic medication: Depot versus oral	Patel <i>et al.</i> (2008)	N	N
A description of the adult population's medication experiences in the United States using an agglomerative hierarchical clustering method	Olson <i>et al.</i> (2016)	N	N
A follow-up study of the efficacy and safety of injectable microencapsulated megestrol acetate and a discussion on its contraceptive mechanism	Ziyan <i>et al.</i> (1985)	N	N
A narrative inquiry of socio-cultural influences on antiretroviral treatment and medication experiences of African-born persons living with HIV in Minnesota	Cernasev A (2020)	N	N
A pill is not only a pill: The social meaning of the elderly's daily medications**	Sottiyotina <i>et al.</i> (2020)	S	S
A pilot study to develop a new method of assisting children in taking their medication by using immersive virtual reality	Nikki <i>et al.</i> (2021)	N	N
A prescription for "deprescribing" in psychiatry	Gupta & Cahill (2016)	N	N
A profile of older community-dwelling home care clients with heart failure in Ontario	Foebel <i>et al.</i> (2011)	N	N
A qualitative study of antipsychotic medication experiences of Youth**	Murphy <i>et al.</i> (2015)	S	S
A qualitative study of elders' views on medicine usage	Ozcakar <i>et al.</i> (2015)	N	N
A study of harmful drug-drug interactions due to polypharmacy in hospitalized patients in Goa Medical College	Khandeparkar & Rataboli (2017)	N	N
A subcutaneously administered investigational RNAi therapeutic (ALN-CC5) targeting complement C5 for Treatment of PNH and complement-mediated diseases: preliminary phase 1/2 study results in patients with PNH	Hill <i>et al.</i> (2016)	N	N
A systematic approach to providing safe quality care for patients receiving engineered, non-stem cell therapies	Nikiforow <i>et al.</i> (2016)	N	N
A systematic mixed-studies review on mindfulness-based childbirth education programs and maternal outcomes	Shorey <i>et al.</i> (2019)	N	N
Across the patient care practitioner threshold: Identifying threshold concepts and evaluating the teaching of the pharmacists' patient care process	Kolar (2018)	N	N
Acupuncture and proquazone in the treatment of chronic pain in the neck and shoulder region	Riikonen (1985)	N	N
Acute pain management in patients with prior opioid consumption: A case-controlled retrospective review	Rapp <i>et al.</i> (1995)	N	N
Adherence to antidepressant treatment	Hansen & Kessing (2007)	N	N
Adherence to denosumab in the treatment of osteoporosis and its utilization in the Czech Republic	Fuksa & Vytrisalova (2015)	N	N
Adherence with respect to medication management	Peselov (2007)	N	N
Adolescent medication misuse: Results from the MUSC Inventory of Medication Experiences (MIME)	Lee (2013)	N	N
Adolescent swimmers: Breathing complaints and prescription asthma medication use and misuse	Houle (2014)	N	N
Adolescents' commitment to continuing psychotropic medication: A preliminary investigation of considerations, contradictions, and correlates	Moses (2011)	N	N
Adrenaline in anaphylaxis treatment and self-medication: Experience from a Belgian inner city emergency department	Mostmans <i>et al.</i> (2016)	N	N
Affordances of mHealth technology and the structuring of clinic communication	Mikesell <i>et al.</i> (2018)	N	N

Age differences in prescription scheduling and recall as influenced by schema development	Anderson (1995)	N	N
An alternative treatment in hypertriglyceridemia-induced acute pancreatitis in pregnancy: Plasmapheresis	Altun <i>et al.</i> (2012)	N	N
An examination of the index of readiness as a predictor of adherence and an adherence intervention in HIV+ males who repeatedly failed anti-HIV treatment regimen (immune deficiency)	Enriquez (2002)	N	N
An exploratory study of the meaning of prescription medication to children diagnosed with Attention Deficit Hyperactivity Disorder	Clarke (1998)	N	N
An opportunity for pharmacists to help improve coordination and continuity of patient health care	Schommer <i>et al.</i> (2018)	N	N
Analysis on medication rules of modern traditional Chinese medicines in treating palpitations based on traditional Chinese medicine inheritance support system	Sun <i>et al.</i> (2017)	N	N
Analysis on prescription rules of Chen Baogui's prescriptions for treating epigastric fullness based on data mining	Tang <i>et al.</i> (2018)	N	N
Antithrombotic medication use and bleeding risk in medically ill patients after hospitalization	Mahan <i>et al.</i> (2013)	N	N
Association of increased emergency rooms costs for patients without access to necessary medications	Watanabe & Ney (2015)	N	N
Asthma medication experiences of children in Australia and India - A comparative qualitative study	Grover <i>et al.</i> (2013)	N	N
Asthma-like symptoms, diagnostic tests, and asthma medication use in children and adolescents: A population-based nationwide survey	Ferreira-Magalhães <i>et al.</i> (2016)	N	N
Athletes, nonsteroidal anti-inflammatory drugs, coxibs, and the gastrointestinal tract	Shoor (2002)	N	N
Attitudes about stimulant medication for attention-deficit/hyperactivity disorder among African American families in an inner city community	dosReis <i>et al.</i> (2006)	N	N
Autonomia e exercício de direitos na experiência da Gestão Autônoma da Medicação	Palombini <i>et al.</i> (2020)	N	N
Canadian survey of postsurgical pain and pain medication experiences	Rocchi <i>et al.</i> (2002)	N	N
Canine co-therapy: The potential of dogs to improve the acceptability of trauma-focused therapies for children	Dravnsnik <i>et al.</i> (2018)	N	N
Cardiovascular outcomes of treating high blood pressure	Weber (1987)	N	N
Changes in chemical structure of iopamidol contrast agents according to radiation and environmental conditions	Han (2020)	N	N
Changes in psychomotor effects of L-dopa and methylphenidate after sustained dopaminergic therapy in Parkinson's disease	Evans <i>et al.</i> (2009)	N	N
Characterizing medication management and the role of pharmacists in caring for people living with cystic fibrosis: A work system approach**	Abraham <i>et al.</i> (2021)	S	S
Cholesterol-lowering medication and relapse of depression	Steffens <i>et al.</i> (2003)	N	N
Choosing to use compared to taking medication: The meaning of medication as described by people who experience schizophrenia	Liersch-Sumskis <i>et al.</i> (2015)	N	N
Chronic myeloid leukemia (CML): Association of treatment satisfaction, negative medication experience and treatment restrictions with health outcomes, from the patient's perspective	Hirji <i>et al.</i> (2013)	N	N
Clinical pharmacist's contribution to medication reconciliation on admission to hospital in Ireland	Galvin <i>et al.</i> (2013)	N	N
Clinical utility of pharmacogenomic data collected by a Health-System Biobank to predict and prevent adverse drug events	Shah <i>et al.</i> (2021)	N	N
Clinical utility of the Hospital Anxiety and Depression Scale (HADS) for an outpatient fibromyalgia education program	Nam <i>et al.</i> (2014)	N	N

Co-use of medication and alcohol: The influence on subjective effects of intoxication and affect	Helle <i>et al.</i> (2022)	N	N
Combining psychodynamic psychotherapy with medication in the treatment of panic disorder: Exploring the dynamic meaning of medication	Milrod & Bush (1998)	N	N
Combining psychodynamic psychotherapy with medication	Kay (2009)	N	N
Commentary on the Endocrine Society Practice Guidelines: Consequences of adjustment of antihypertensive medication in screening of primary aldosteronism	Fischer <i>et al.</i> (2011)	N	N
Common problems with medication: Experiences from domiciliary visits	Scrimshaw (2008)	N	N
Communicative and discursive perspectives on the medication experience comment	Glinert (2021)	N	N
Community child psychiatric medication experiences measured by an internet-based, prospective parent survey of retail pharmacy customers	Hilt <i>et al.</i> (2014)	N	N
Community pharmacists, medication monitoring, and the routine nature of refills: A qualitative study	Witry & Doucette (2014)	N	N
Comparative study on standard decoctions of <i>Ophiopogonis Radix</i> and <i>Liriope Radix</i>	Zhang <i>et al.</i> (2019)	N	N
Conceptualising alcohol consumption in relation to long-term health conditions: Exploring risk in interviewee accounts of drinking and taking medications	Madden <i>et al.</i> (2019)	N	N
Consensus of Chinese experts for the treatment of non-small cell lung cancer with icotinib (2021 version)	Shi <i>et al.</i> (2021)	N	N
Considering medication use in the wake of traumatic experience: Neurobiology, affect dysregulation, and the psychiatrist as a witness who may also prescribe	Chefetz (2006)	N	N
Consumers' characteristics associated with the use of mail pharmacy services in the United States: Findings from the 2015 National Consumer Survey on the Medication Experience	Rashrash <i>et al.</i> (2017)	N	N
Core patient-reported outcomes (PROs) and PRO measures (PROMs) for polypharmacy medicines reviews: A sequential mixed-methods study	Kotronoulas <i>et al.</i> (2019)	N	N
Current targeted therapeutics against COVID-19: Based on first-line experience in China	Zhang <i>et al.</i> (2020)	N	N
Cutaneous reactions to recombinant human interferon beta-1b: The clinical and histologic spectrum	Elgart <i>et al.</i> (1997)	N	N
Decision-making during initiation of medication therapy	Schommer <i>et al.</i> (2014)	N	N
Decision-making process in comprehensive medication management services: from the understanding to the development of a Theoretical Model	Viana <i>et al.</i> (2020)	N	N
Defining and using a transitional therapeutic field when treating psychiatric patients with medication	Grolnick (1985)	N	N
Deprescribing potentially inappropriate preventive cardiovascular medication: barriers and enablers for patients and general practitioners	Luymes <i>et al.</i> (2016)	N	N
Deprescribing: A psychodynamically-informed, patient-centered perspective	Mintz <i>et al.</i> (2018)	N	N
Determinants of disease severity in adults with epilepsy: Results from the Neurological Diseases and Depression Study	Sajobi <i>et al.</i> (2015)	N	N
Development and validation of the FertiMed questionnaire assessing patients' experiences with hormonal fertility medication	Lankreijer <i>et al.</i> (2016)	N	N
Development of systemic maps as a basic tool for detection and resolution of patient's medication-related needs	Rodríguez <i>et al.</i> (2020)	N	N
Development, testing and results of a patient medication experience documentation tool for use in Comprehensive Medication Management services	Redmond <i>et al.</i> (2019)	N	N
Diabetes, Therapeutic Inertia, and Patients' Medication Experience	Bzowycykj & Begert (2020)	N	N
Discussion of related problems in herbal prescription science based on objective indications of herbs	Xiong & Wang (2010)	N	N

Disease e.g. orphan disease, identifying reference obtaining method for use by e.g. physician, involves cross-referencing code-specific results for each transcribed code with code-specific results of all other transcribed codes	Campos-Castello (2001)	N	N
Disease-based toxicology on safety assessment strategy and application for herbal and traditional medicines	Wang <i>et al.</i> (2019)	N	N
Dosing frequencies in general practice--Whose decision and why?	Satman <i>et al.</i> (2006)	N	N
Drug compliance and identity: Reasons for non-compliance: Experiences of medication from persons with asthma/allergy	Hansson & Löwhagen (2004)	N	N
Drug Inhibition of post-operative bleeding after prostatectomy. Experience with para-aminomethylcyclohexane carboxylic acid an inhibitor of fibrinolysis	Kaufmann & Siefker (1969)	N	N
Drug Therapy Problems in NCAA Division I-A Minnesota Gopher student-athletes	Merkey <i>et al.</i> (2019)	N	N
Drug use among functionally active, aged, ambulatory people	Delafuente <i>et al.</i> (1992)	N	N
Drug, compliance and identity: reasons for non-compliance - Experiences of medication from persons with asthma/allergy	Scherman & Lowhagen (2004)	N	N
Duloxetine augmentation in resistant obsessive-compulsive disorder a double-blind controlled clinical trial	Mowla <i>et al.</i> (2016)	N	N
Early diagnoses and psychotherapeutic medication treatment experiences of a cohort of children under 6 years old who received antipsychotic treatment in Florida's medicaid program	Constantine <i>et al.</i> (2011)	N	N
Economic impact of potential CYP450 pharmacokinetic drug-drug interactions among chronic low back pain patients taking opioids	Pergolizzi <i>et al.</i> (2012)	N	N
Economic impact of potential drug-drug interactions among osteoarthritis patients taking opioids	Pergolizzi <i>et al.</i> (2012)	N	N
Economic impact of potential drug-drug interactions in opioid analgesics	Summers <i>et al.</i> (2011)	N	N
Editorial: Meaning and medication	Wissow (2004)	N	N
Effect of comprehensive medication management on patient empowerment 'type II diabetes mellitus patients in primary care'	Aditama <i>et al.</i> (2021)	N	N
Effects of learning the drums on inattention, vigilance, and sustained attention in adolescents with ADHD	Swope (2018)	N	N
Effects of previous medication experience and health beliefs on intended compliance to an imagined regimen	McCallum <i>et al.</i> (1988)	N	N
Efficacy and safety of pantoprazole 20 mg once daily treatment in patients with ulcer-like functional dyspepsia	Van Rensburg <i>et al.</i> (2008)	N	N
Efficacy of topiramate in migraine prophylaxis: A retrospective chart analysis	Von Seggern <i>et al.</i> (2002)	N	N
El dolor tratado con medicamentos. La experiencia farmacoterapéutica de los pacientes usuarios de analgésicos*	Silva-Castro (2015)	S	S
Emerging adult identity following adolescent experiences with psychotropic medications: A retrospective study	Jordan <i>et al.</i> (2017)	N	N
Epidemiological, clinical and economic burden of severe eosinophilic asthma in Taiwan: Results from a large tertiary care hospital	Shantakumar <i>et al.</i> (2020)	N	N
Epidemiology of pathogenic enterobacteria in humans, livestock, and peridomestic rodents in rural Madagascar	Bublitz <i>et al.</i> (2014)	N	N
Establishment of interrater reliability for a nursing Extrapyramidal Side Effects (EPS) assessment scale	Fagan-Pryor & May (2000)	N	N
Estudio de prevalencia de automedicación en niños que consultan por infección respiratoria aguda y enfermedad diarreica aguda a una clínica universitaria	Agudelo (2020)	N	N

Ethical meaning of medication	Jonsen (1980)	N	N
Ethnicity and power in the mental health system: Experiences of white British and black Caribbean people with psychosis	Lawrence <i>et al.</i> (2021)	N	N
Evaluating factors impacting medication adherence among rural, urban, and suburban populations	Arbuckle <i>et al.</i> (2018)	N	N
Evaluation of a revised Home Medication Experience Questionnaire (HOME-Qv2)	Witry <i>et al.</i> (2020)	N	N
Evaluation of Experiences with Immunosuppressive Drugs in Transplantation: Validation of the MESI Scale in French	Villeneuve <i>et al.</i> (2017)	N	N
Evaluation of Sacubitril/Valsartan Initiation in Outpatient Heart Failure Patients	Rerick <i>et al.</i> (2021)	N	N
Exacerbations and healthcare resource utilization among COPD patients in a Swedish registry-based nation-wide study	Johansson <i>et al.</i> (2019)	N	N
Examining the Feasibility of Implementing Specific Nursing Interventions to Promote Sleep in Hospitalized Elderly Patients	LaReau <i>et al.</i> (2008)	N	N
Experiences with the daily use of medications among chronic hepatitis C patients**	Nascimiento <i>et al.</i> (2020)	S	S
Experimental diarrhea: Evaluation and safety of WHR-1142A in healthy volunteers	Martin <i>et al.</i> (1981)	N	N
Exploring medication self-management in community-dwelling adults with chronic medication experience: A concept mapping study	James <i>et al.</i> (2022)	N	N
Exploring the factors that influence medication rating Web sites value to older adults: A cross-sectional study	AlRuthia <i>et al.</i> (2016)	N	N
Exploring the medication experience of patients with rheumatoid arthritis: The role of community pharmacy**	Touriño-Baliña <i>et al.</i> (2021)	S	S
Exploring the relationship of digital information sources and medication adherence	Arbuckle <i>et al.</i> (2019)	N	N
Factors affecting the efficacy of selective laser trabeculoplasty	Bartley <i>et al.</i> (2015)	N	N
Factors influencing antiretroviral medication experiences among HIV seropositive zambians	Jones <i>et al.</i> (2008)	N	N
Factors influencing community pharmacists' likelihood to ask medication monitoring questions: A factorial survey	Witry & Doucette (2015)	N	N
Feature engineering for recognizing adverse drug reactions from twitter posts	Dai <i>et al.</i> (2016)	N	N
Friendship intimacy, close friend drug use, and self-medication in adolescence	Shadur & Hussong (2014)	N	N
General practitioners' decisions about discontinuation of medication: an explorative study	Nixon & Vendelø (2016)	N	N
Generic substitutes are neither as safe nor effective as branded medications: Experience in men treated for lower urinary tract symptoms (Luts)	Kaplan <i>et al.</i> (2009)	N	N
Hallucinations in idiopathic Parkinson's disease	Graham <i>et al.</i> (1997)	N	N
Health care applicability of a patient-centric web portal for patients' medication experience	Hong <i>et al.</i> (2016)	N	N
Health-seeking behavior and the meaning of medications in Balochistan, Pakistan	Hunte & Sultana (1992)	N	N
Helping older adults improve their medication experience (HOME) by addressing medication regimen complexity in home healthcare	Sheehan <i>et al.</i> (2018)	N	N
Hepatic transplantation with perioperative and long term anticoagulation as treatment for Budd-Chiari syndrome	Campbell <i>et al.</i> (1988)	N	N

Homeopathy and Levels of Ca++ Salivary in the Prevention of Dental Caries	Mourao <i>et al.</i> (2019)	N	N
How blind is blind - Assessment of patient and doctor medication Guesses in a placebo-controlled trial of imipramine and phenelzine	Rabkin <i>et al.</i> (1986)	N	N
Human beings are like that, they suffer. But some days are worse: patients' perceptions to start using psychotropic medicines*	Fonseca <i>et al.</i> (2021)	S	S
Image-guided intensity-modulated radiotherapy (IG-IMRT) for biliary adenocarcinomas: Initial clinical results	Fuller <i>et al.</i> (2009)	N	N
Impact of attention deficit/hyperactivity disorder on the patient and family: Results from a European survey	Coghill <i>et al.</i> (2008)	N	N
Impact of heart transplantation in infancy and adolescence on quality of life and compliance	Albert <i>et al.</i> (2012)	N	N
Impact of preventive administration of antiemetic drugs on risk of acute nausea and vomiting induced by transcatheter arterial chemoembolization in patients with hepatocellular carcinomas - A retrospective study	Kabuki <i>et al.</i> (2013)	N	N
Impact of thiazolidinedione safety warnings on medication use patterns and glycemic control among veterans with diabetes mellitus	Shi <i>et al.</i> (2011)	N	N
Importation of prescription medications: Experiences, opinions, and intended behaviors of U.S. community pharmacists	Simon <i>et al.</i> (2004)	N	N
In session extinction and outcome in Virtual Reality Exposure Therapy for PTSD	Rauch <i>et al.</i> (2018)	N	N
Inappropriate medication is a major cause of adverse drug reactions in elderly patients	Lindley <i>et al.</i> (1992)	N	N
Increased medication compliance of liver transplant patients switched from a twice-daily to a once-daily tacrolimus-based immunosuppressive regimen	Eberlin <i>et al.</i> (2013)	N	N
Information needs of patients about immunosuppressive medication in a German kidney transplant sample: Prevalence and correlates	Klewitz <i>et al.</i> (2019)	N	N
Injection device-related risk management toward safe administration of medications: Experience in a university teaching hospital in the people's Republic of China	Zhu <i>et al.</i> (2014)	N	N
Integrating pharmacotherapy and psychoanalytic psychotherapy: Role and significance of medication [L'integrazione tra farmacoterapia e psicoterapia psicoanalitica: Ruolo e significato del farmaco]	Giavedoni (2007)	N	N
Integrating pharmacotherapy and psychotherapy: An emerging field of study	Beitman (1996)	N	N
Integrating psychotherapy and pharmacotherapy	Thome (2015)	N	N
Integrating thematic, grounded theory and narrative analysis: A case study of adolescent psychotropic treatment	Floersch <i>et al.</i> (2010)	N	N
Intellectual test changes in schizophrenic patients in the first six months of treatment	Karon & O'Grady (1969)	N	N
Interactions between midazolam and remifentanyl during monitored anesthesia care	Avramov <i>et al.</i> (1996)	N	N
Intraocular pressure changes following intravenous hydroxyzine in man. A statistical analysis	Farmati <i>et al.</i> (1967)	N	N
Iron supplementation associated with loss of phenotype in autosomal dominant hypophosphatemic rickets	Kapelari <i>et al.</i> (2015)	N	N
Irrigation with thrombin solution reduces recurrence of chronic subdural hematoma in high-risk patients: Preliminary report	Shimamura <i>et al.</i> (2009)	N	N
Is satisfaction with pain management a valid and reliable quality indicator for use in nursing homes?	Casarett <i>et al.</i> (2002)	N	N
Knowledge and attitude about drugs and the current status of self-medication of nursing students	Hae-Ok <i>et al.</i> (2018)	N	N
Life with a variety of medications: A qualitative study of patient experience to (s) concerned with cancer [Leben mit einer Vielzahl von Medikamenten: Eine qualitative Studie zu Erfahrungen von Patient(inn)en mit Krebs]	Klein <i>et al.</i> (2013)	N	N

Living with a multitude of medications: experiences of patients with cancer	Klein <i>et al.</i> (2013)	N	N
Long-acting risperidone and oral antipsychotics in unstable schizophrenia	Rosenheck <i>et al.</i> (2011)	N	N
Long-term benefits of angiotensin-converting enzyme inhibitor therapy in patients with severe immunoglobulin a nephropathy: A comparison to patients receiving treatment with other antihypertensive agents and to patients receiving no therapy	Cattran <i>et al.</i> (1994)	N	N
Long-term efficacy of low doses of quinidine on malignant arrhythmias in Brugada syndrome with an implantable cardioverter-defibrillator: A case series and literature review	Márquez <i>et al.</i> (2012)	N	N
Long-term outcomes in pediatric liver recipients: Comparison between cyclosporin A and tacrolimus	Cao <i>et al.</i> (1999)	N	N
Lumbar spine fusion patients' use of an internet support group: Mixed methods study	Strøm <i>et al.</i> (2019)	N	N
Magnitude and determinants of uncontrolled blood pressure among hypertensive patients in Ethiopia: Hospital-based observational study	Abegaz <i>et al.</i> (2018)	N	N
Maintenance repetitive transcranial magnetic stimulation (rTMS) for relapse prevention in with depression: A review	Rachid (2018)	N	N
Meaning and medication in the care of treatment-resistant patients	Mintz (2002)	N	N
Meaning and medication: A thematic analysis of depressed adolescents' views and experiences of SSRI antidepressants alongside psychological therapies	Maroun <i>et al.</i> (2018)	N	N
MED-HYREC: A recommendation system for medical domain	Paruchuri (2016)	N	N
Medication adherence decisions in patients with schizophrenia	Kikkert & Dekker (2017)	N	N
Medication and the fragile alliance: The complex meanings of psychotropic medication to children, adolescents, and families	Chubinsky & Rappaport (2006)	N	N
Medication and the patient-doctor relationship: A qualitative study with patients suffering from fibromyalgia	Durif-Bruckert (2015)	N	N
Medication and transitional phenomena	Hausner (1985)	N	N
Medication as object	Tutter (2006)	N	N
Medication experience and adherence to oral chemotherapy: A qualitative study of patients' and health professionals' perspectives**	Talens <i>et al.</i> (2021)	S	S
Medication experience in patients with chronic kidney disease treated by the Nephrology Service of a hospital in Costa Rica. A pilot study**	Orozco Solano & Silva-Castro (2020)	S	S
Medication Experiences	Schommer (2021)	N	N
Medication management in the context of mental illness: An exploratory study of young people living in Australia**	Mcmillan <i>et al.</i> (2020)	S	S
Medication use in the context of everyday living as understood by seniors	Holroyd <i>et al.</i> (2012)	N	N
Medication-taking experiences in attention deficit hyperactivity disorder: A systematic review	Rashid <i>et al.</i> (2018)	N	N
Medications for first-episode psychosis: Making a good start	Dixon & Stroup (2015)	N	N
MediFrame: A Tablet Application to Plan, Inform, Remind and Sustain Older Adults Medication Intake	Delgaard <i>et al.</i> (2013)	N	N
Mental health service users experiences of medication discontinuation: a systematic review of qualitative studies	Keogh <i>et al.</i> (2022)	N	N
Mental health stigma among adolescents: Implications for school social workers	Kranke & Floersch (2009)	N	N

Migraine with isolated facial pain: A diagnostic challenge	Dodick (2007)	N	N
Mixed methods evaluation: Pharmacists' experiences and beliefs toward an interactive communication approach to patient interactions	Guirguis (2011)	N	N
Monitoring of chemical components with different color traits of <i>Tussilago farfara</i> using NMR-based metabolomics	Mi <i>et al.</i> (2013)	N	N
Monitoring quality of life in adults with ADHD: Reliability and validity of a new measure	Landgraf (2007)	N	N
Motor and cognitive functions in newly diagnosed adult seizure patients before antiepileptic medication	Pulliainen <i>et al.</i> (2000)	N	N
Multicompartment Compliance Aids as a tool for changing attitudes towards medicines in a young patient	Comedeiro <i>et al.</i> (2019)	N	N
Multiple medication experience of elderly patients with multimorbidity at home: A qualitative study	Wang <i>et al.</i> (2020)	N	N
Mutual information-based correlation analysis of herbs against insomnia	Tian & Liu (2015)	N	N
Neurasthenia-chronic fatigue syndrome. The basis and the meaning of medication and other therapy	Janu & Prusa (2000)	N	N
